Why do I need to select object names?

You will use the names you select here to tag the objects in your images. When an object is detected in an image, that image will be linked to the corresponding record for that object in Common Data Service.

What if I don't see my data?

To use this model, your data must be in Common Data Service. You can easily initiate a transfer, if it's not there already.

Quick tips

What images should I add?
Add images with the objects you want your model to recognize.

Improve the performance of your model
You must add at least 15 images per object. Adding more than 50 images per object could yield better results. You can have multiple objects per image.

Image guidelines

Image requirements
Only .JPG, .PNG, .BMP image formats are accepted, up to 6 MB per image.

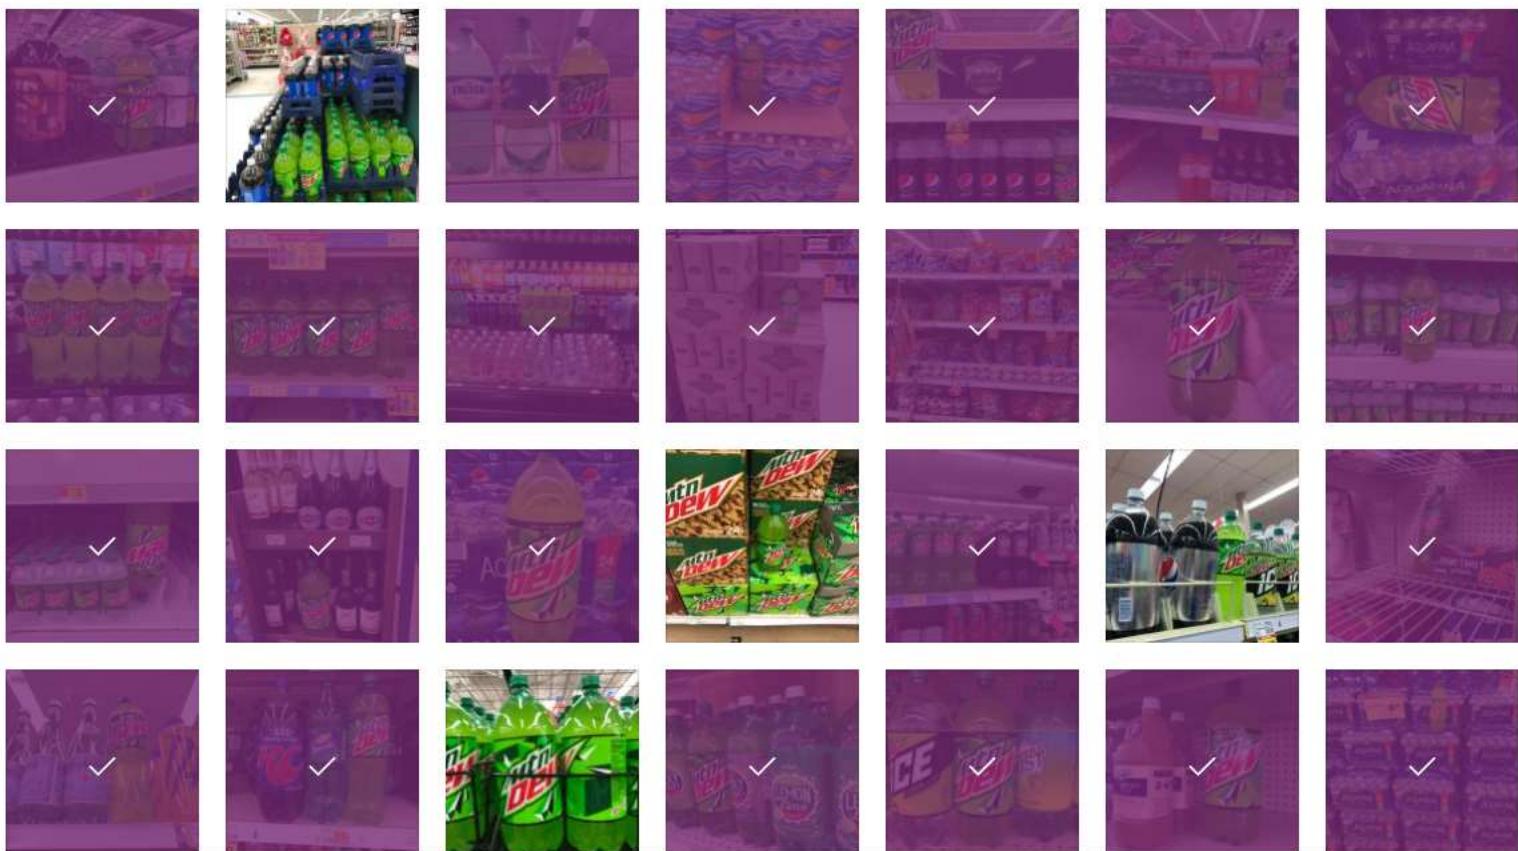

Need help?
Check out the documentation to see if your question has been addressed. If you have further questions, send us an email.

The screenshot shows the Microsoft PowerApps Studio interface. The central workspace displays a mobile application screen with a header, a central area containing a camera viewfinder icon, and a footer section with a 'Display Location' dropdown, a 'Rating' section with five stars, and a 'Save' button.

The left sidebar, titled 'Tree view', lists the app's structure under 'Screens'. It includes sections for 'App', 'WelcomeScreen' (with 'Image2'), 'NextStopGallery' (with 'Label2', 'Label1', and 'Image9'), 'MapScreen', 'AuditScreen' (selected), 'TaskScreen', and 'FormsProSurveyScreen'. Under 'AuditScreen', there are components like 'ObjectDetector1', 'AddEditDisplayButton', 'NewDisplayForm', 'HeaderScreen2_1', and 'HeaderScreen2_1' (repeated).

The top navigation bar includes 'File', 'Home', 'Insert' (selected), 'View', 'Action', and various tool icons. The status bar at the bottom shows the URL 'https://us.create.powerapps.com/studio/#' and the environment 'G&JPepsi v3 (orgc21dc649)'.

The screenshot shows the Microsoft PowerApps studio interface. The top navigation bar includes tabs for Microsoft Office Home, PowerApps, Store Audit - WIP, PowerApps, PowerApps, G&J Pepsi Report - Pow, Edit your flow | Microso, Home · Pepsi Portal, and a new tab. The URL https://us.create.powerapps.com/studio/# is displayed in the address bar. The main area features a 'Tree view' on the left listing various app components like screens, labels, and galleries. A preview window in the center shows a mobile application interface with a barcode scanner, a product gallery displaying Mountain Dew cans, and a rating form with five stars and a 'Save' button. The right side contains the 'Properties' panel for the selected 'Subtitle3' component, allowing for text, font, and position adjustments. The bottom navigation bar includes icons for AuditScreen, Gallery2, and Subtitle3.
